

YOUR PARTNERS

with

salesforce

We are here to help you reach your potential by providing Salesforce consulting and support services to improve your business processes.

Salesforce Consulting

Full service Salesforce consulting backed by experienced business analysis and a deep technical background of Salesforce.

Salesforce Customization

Be it integrating your existing software system with Salesforce, or any other customization, we provide cost effective solutions.

Salesforce Integration

Our integrations span end to end synchronization of two frameworks that makes the integration reasonable, both financially and strategically.

Salesforce Support

Reliable and cost-effective Salesforce support and maintenance services aimed at smoothening consulting, customization and implementation wrinkles with robust support and minimal risk.

Salesforce Administration

We offer the most flexible, scalable and cost-effective Salesforce administration services to help you make your CRM implementation a success.

Salesforce App Development

We have a team of expert developers to help you expand on the functionality of Salesforce through powerful custom application development.

Paradiso
IT CONSULTING

We are **Paradiso**, the technology consulting company with a global presence and our purpose is to provide IT consulting and IT services and products to help our clients reach their full potential.

We act as a trusted advisor providing easy access to support and adapting easily to internal or external changes in technology and business environments.

As independent software vendor (ISV) and Appexchange program partners of **Salesforce** we provide flexible, reliable and secure Salesforce implementation and administration services that will put you on the track to reach the potential of your business.
